

# Love Will Make You Do Dumb Shit

Wax

Be careful who you pick  
You don't wanna get too close too quick  
Whether you're a dude or you're a chick, yeah yeah yeah  
Love will make you do dumb shit  
You'll become a hypocrite  
It'll make you go against logic  
Whatever you should do you do the opposite, yeah yeah yeah  
Love will make you do dumb shit

To be honest I'm on shit  
Hiding in this closet  
Love I am losing, a bitch really lost it  
How did I get here?  
Soon I'll be a convict  
I'm on IG and I'm stalking his mom's pics  
I'm in a tree with police grade binoculars  
Program his virtual dick on my oculus  
Started last April  
Everything was gravy  
Got a turkey baster  
Tryna have his babies  
But come Thanksgiving, his fam thinks I'm crazy  
They weren't sure about me like I was Steve Avery  
Might be a murderer, might be a saint  
But when it come to love I go hard in the paint

Be careful who you pick  
You don't wanna get too close too quick  
Whether you're a dude or you're a chick, yeah yeah yeah  
Love will make you do dumb shit

Whatever you should do you do the opposite, yeah yeah yeah  
Love will make you do dumb shit

I spent all my rent money on some flowers and some jewelry  
Maxed out my credit cards on movies and sushi  
I thought that I was being great  
Something she'd appreciate  
And after that much needed date she was like "I need some space"  
I was numb and it shocked  
Tried to text her to get her back but my number was blocked  
Now I'm pacing in my kitchen  
Her face is what I'm missing  
Why oh why am I infatuated with this bitch  
I'm frickin' clickin' through her Facebook, stalking like an idiot  
She already got a new boyfriend she kicks it with  
Click every picture  
That they ever taken  
Jealous 'cause he's richer than me and better looking  
Now all of her posts be some cute love quotes  
He got a boat I be like "fuck boats"  
I hope the boat sinks and I hope you both drown  
Love will turn a smart man into a clown

The moral of the story is, bitches ain't shit. Dudes ain't shit either. It doesn't matter how old you are, it doesn't matter how experienced you are - you fall all in love you probably gonna act jealous and crazy. So my advice - 3 months tops man, you can't let a relationship go longer than like 3 months man. As if. 4 months is too much. 5 months is way too much. Cut that shit off

You make me feel so young
