

# Never Thought I'd Be in Love Again

Wax

Girl you got me on a whole new wavelength  
On a different realm of space and time

I thought that I had permanently lost the capacity  
I thought I carried too much bullshit from my past with me  
I thought I'd never love another woman passionately  
But you had to get me thinking otherwise  
Of the lies I've told myself have been debunked  
And my old methodology is now defunct  
I got skunked for awhile now I caught a fish  
Driving slow on the love boat talking ish something like

Never thought I'd be in love again  
Never thought I'd be in love again

I thought that fire in my soul was put out by pain  
And there was no woman alive who could ignite that flame  
But you took that little torch and you scorched it with ease  
Like the first ever olympian in ancient Greece  
Goddess Hera of the modern era  
I don't wanna share you with nobody ever  
Your love will never miss  
No Chubby Checker Twist  
It's no trouble, effortless  
On a London double decker bus  
Upper level kiss  
Gimme that

Never thought I'd be in love again  
Never thought I'd be in love again

In the days of my youth I was trippin' off that feeling of awe-  
struck infatuation  
I thought it was a passing phase  
But ever since I laid my eyes on you babe  
It's like I'm back to the golden days

Never thought I'd be in love again  
Never thought I'd be in love again
