

Plants of Life

Wax

Don't forget to water the plants of life
(As plantas têm que ser regadas)
Don't forget to butter the end of the knife of life
Water for years to come
Butter for years to come
Water for years to come
Butter them while they're young

I spent all of my days in a haze, yeah
I always find a way to amaze me, yeah
It seems like my whole life's been a daydream, yeah
When I wake up, will I leave them with anything? Oh
Oh-oh, oh-oh

Don't forget to water the plants of life
(Não se esqueça de regar as plantas)
Don't forget to butter the end of the knife of life
Water for years to come
Butter for years to come
Water for years to come
Butter them while they're young

Não se esqueça de regar as plantas da vida
Ensine as crianças
Vamos todos cooperar e dar um futuro melhor ao mundo
Nós temos que ativar a clorofila usando a nossa luz solar natural
Vamos fazer tudo verde e lindo
Sabe qual é? Fume maconha todo dia
