

## She Used to Be Mine

Wax

She was such a pretty girl and she was mine for a couple of years  
And on the day that she walked away I guess i, shed a couple of tears  
But from what I understand, she's now having the time of her life  
I guess its true what Too Short said, that you can't turn a hoe into a house wife.  
'Coz she's so fine she used to be mine  
Now she f\*\*ks two dudes at a time  
She was so good, we was in love  
But I guess one dick wasn't enough  
At first I couldn't believe it  
She was, so sweet and so kind  
How could she be getting ass f\*\*ked and sucking dick at the same time  
But I went online one day and I saw that shit first hand,  
She was having a one night stand with a,  
Nine piece salsa band.  
And the piano player is f\*\*king her asshole,  
And in her pussy hole is the bass  
She's got the backup singer's dick in each hand  
And the trumpet player's f\*\*king her face  
And her toes are doing some tickling, on the rest of the hoards sections balls  
The percussion player's jerking off on the side  
While the lead singer's telling the studio n' audience to applause  
'Coz she's so fine she used to be mine  
Now she f\*\*ks two dudes at a time  
She was so good, we was in love  
But I guess one dick wasn't enough  
Now the band started getting excited, they were all about to bust nuts  
It was nine Puearto Rican musicians, and just one little asian slut  
Now every square inch of her body, is totally soaked with cum,  
And if you ask the bitch what two plus two was, she wouldn't even know 'coz she's too f\*\*king dumb  
She's so fine she used to be mine  
Now she f\*\*ks nine dudes at a time  
She was so good, we was in love  
But I guess eight dicks wasn't enough  
Eight Dicks wasn't enough!
