

# Going Back To Texas

Wayne Hancock

**E**

1. I've gone through Arizona, right through New Mexico  
I'm gonna keep on driving just as hard as I can go

**A**

I'm an Interstate daddy

**E**

Taking my lonely heart back home

**B7**

I'm going back to Texas

**E**

Back to the only gal I've ever known

2. That Lone Star spirit is right here by my side  
When I cross through old El Paso my heart will fill with pride  
Ain't gonna stop for nothing  
Till I see the lights of San Antone  
I'm going back to Texas  
Back to the only love I've ever known

3. I'm going back to Texas, that's how it's gonna stay  
Back to my old stomping grounds and the joints I used to play  
And when I get back home  
Lord, I know I'll never be alone  
I'm going back to Texas  
Back to the only gal I've ever known

4. = 1.
