

# Static Killer

Wayne Static

Everything is what you see  
I take a beat  
I love a screamer  
Take it all  
You take it deep  
Intensity  
A static killer  
Give me everything you got

We get so high  
A demolition  
Automated champion  
A valiant  
A static killer  
Dig it

Will you scream for me?  
Serial chiller  
I'll take everything  
What have you got for me?  
Static killer

Respiration  
Heartbeat  
Accelerated function  
Coloration fading above the lowest portion  
Information critical  
Determining the physical  
Automated temperature  
A cranium iridium  
A Static Killer
