

Making a Go

We Are Scientists

It makes no sense, I know
But I can explain
Yeah I can explain
The link between the coasts
Well I can explain
Well I can explain

I'm making a go
(Making a go)
I'm making a go
(Making a go)
I'm making a go
(Making a go)
Of it

I watch it fall apart
It's never the same
It's never the same
I know it's all my fault
But I can explain
I can explain

I'm making a go
(Making a go)
I'm making a go
(Making a go)
I'm making a go
(Making a go)

Oh oh ohhh
I don't know what they're saying
(Woahhh)
But this time I don't need saving

I'm making a go
(Making a go)
I'm making a go
(Making a go)
I'm making a go
(Making a go)
I'm making a go
(Making a go)
I'm making a go
(Making a go)
Of it
