Listen

I may have given you the wrong impression This is
Something that I really ought to mention

Well I should tell you I've been spoken for

Listen

It's best that we avoid misapprehension
This is
Something that I'd never had intended

Well I should tell you I've been spoken for Well I should tell you I've been spoken for

As far as weakness goes
This one's hard to beat
I know, I know
I should really feed this thing
Wait and see

As far as these things go
I should never speak
I know, I know
I should really feed this thing
Wait and see

Well I should tell you I've been spoken for
