

Take an Arrow

We Are Scientists

You know by now
I've had my doubts about this
And don't know how
To get my head around it
Cause I can't tell
Whether you're heart is in it
I'll hold my breath
If there'll still be a minute

I would take an arrow
I would take an arrow
Any way, any day now

I would take an arrow
I would take an arrow
Any way, any day now
Any way, any day now
Any way, any day now

It's been so long
I should be clearer on this
If it's my fault
Let's be completely honest
You're going on
As if it's now or never
That's where you're wrong
Cause I can wait forever

I would take an arrow
I would take an arrow
Any way, any day now

I would take an arrow
I would take an arrow
Any way, any day now
Any way, any day now
Any way, any day now

Am I making it seem worse
There's no way it could really work
But I'll keep saying these stupid words

I would take an arrow
I would take an arrow
Any way, any day now

I would take an arrow
I would take an arrow
Any way, any day now
Any way, any day now
Any way, any day now
