

Lucky Ones

We Are the Ocean

One day we,
We will be the lucky ones
(I can't wait, I can't wait forever)
One day we,
We will be the lucky ones
(I can try, I can try)
But when, will this.. end

Get up, get up woh oh oh oh
(I need something to shout abouts)
Wake up, wake up woh oh oh oh
(I just need it, I just need it now)
Come on, come on, woh oh oh oh
(Give me something to believe)
Get up, get up woh oh oh oh
(I just need it, I just need it now)

And now I find myself walking down the
Same road as before
I've got this feeling; I've felt it before
And now I'm starting to lose my mind
(now I'm starting to lose my mind)
Now I'm starting to lose my mind

Get up, get up woh oh oh oh
(I need something to shout abouts)
Wake up, wake up woh oh oh oh
(I just need it, I just need it now)
Come on, come on, woh oh oh oh
(Give me something to believe)
Get up, get up woh oh oh oh
(I just need it, I just need it now)

And this is all we've ever known
(will we make it out alive?)
Now my hands are worn
(we've been holding on so long)
People tell me,
To let go, let go, but it feels
So wrong.

Get up, get up woh oh oh oh
(I need something to shout abouts)
Wake up, wake up woh oh oh oh
(I just need it, I just need it now)
Give me something to believe
(get up get up woo oh oh oh)
I just need it, I JUST NEED IT

Get up, get up woh oh oh oh
(I need something to shout abouts)
Wake up, wake up woh oh oh oh
(I just need it, I just need it now)
Come on, come on, woh oh oh oh
(Give me something to believe)
Get up, get up woh oh oh oh

(I just need it, I just need it now)
