

# Redemption

We As Human

I see you chase these things  
You chase your broken dreams  
And you are left alone unsatisfied  
Your lost within your creed  
Tore down in the streets  
And nothing you've learned  
Nothing you've gained can erase your pain

It leaves me there alone  
With no where left to go  
So now I'm searching and planning  
I must find a way to get back inside my own  
It leaves me there alone  
Broken and so cold  
But now I sing of love Ive never known

How can I explain  
Exactly what I mean  
Its like trying to show color to a blind man  
You look through shaded eyes  
You cant define the lines  
So don't look inside sometimes to see you must close your eyes

It leaves me there alone  
With no where left to go  
So now I'm searching and planning  
I must find a way to get back inside my own  
It leaves me there alone  
Broken and so cold  
But now I sing of love Ive never known

How can I explain  
Like trying to show  
You look through shaded eyes  
You cant define the lines  
So don't look inside sometimes to see you must close your eyes

It leaves me there alone  
With no where left to go  
So now I'm searching and planning  
I must find a way to get back inside my own  
It leaves me there alone  
Broken and so cold  
But now I sing of love Ive never known  
Never known
