

Honeytrap

We Have Band

This sound don't break, don't make me
This sound don't, please don't make me
Switch on TV
Flashback Taylor's talking
When you go see me
This is a final warning
Is it a calling?
Or am I only dreaming?
Heats on repeat
Burns through in the morning
This is, this is
This is a honeytrap
Sandman send me
(Its only rain)
East, west, a new direction
He's on standby
For your own protection
Is it a warning?
Or am I only dreaming?
Watch me, see me
(Its only rain)
Sandman does the talking
(Alright, OK)
This is, this is,
This is a honeytrap
This is
Your choice
Its time
Rejoice
Line up
Clap hands
Lets go
Hear we stand
This sound don't break, don't make me
This sound don't, please don't make me
This is, this is
