

How To Make Friends

We Have Band

What do you want?
Deep underground
Hear the mice make a sound
As they scramble around
Gathering ground
Of the seasons abound
All the things that you found
Calvary fall
And artillery fall
And then infantry fall
Do you think the battles won?
(When on the road)
Are the Spartans overcome?
(What did you see?)
Are they sighing in their sleep?
(Why wont you tell, tell me?)
This is not a dry run
Howl of the hound
Leaving thoughts to be proud
Through the feet of the crowd
Deep underground
Mice make a sound
Scramble around
March as before
We are here we applaud
Want you want we adore
Do you think the battles won?
(When on the road)
Are the Spartans overcome?
(What did you see?)
Are they sighing in their sleep?
(Why wont you tell, tell me?)
This is not a dry run
(We're on a rock)
(And it's gonna roll)
Do you think the battles won?
(It gathers pace)
(It's all you stole)
Are the Spartans overcome?
(And when they rise)
(What did you see?)
Are they sighing in their sleep?
(Why wont you tell, tell me?)
This is not a dry run
