

Someone

We Have Band

I was
Thinking about the times I've known you
I was

Can you?
Can you recall a certain moment
Can you?

Lust for
Living your life for all the things you
Lust for

Run free
Baby, you know I'll make for us to
Run free

Someone
Someone's gonna take you
You're ready, you're ready
To feel it
Feel it when it makes you, oh oh
With this feeling
You know where it takes me
Where no one can see you
But someone
Someone's gonna take you

In you
Giving your love is so so so
In you

Lust for
Never give up on all the things you
Lust for

As it
As it rolls away and over
As I

Run free
Baby, you know I'll make for us to
Run free

Someone
Someone's gonna take you
You're ready, you're ready
To feel it
Feel it when it makes you, oh oh
With this feeling
You know where it takes me
Where no one can see you
But someone
Someone's gonna take you

Someone
Someone's gonna take you
You're ready, you're ready
To feel it
Feel it when it makes you, oh oh
With this feeling
You know where it takes me
Where no one can see you
But someone
Someone's gonna take you
