

# Watertight

## We Have Band

I'm gone, I'm gone,  
For You, for you,  
I'm lost, I'm lost,  
In you, in you,  
It's too late for my, It's too late for my,  
True lies, true lies I know that it's  
It's late and now's the, It's dark and now it's  
It's time, It's time

Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight  
Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight

Who cares, Who cares  
Like I do, like I do  
'Cause no one cares, no, no one cares  
Like you do, like you do  
We're deep waist high and I feel we'll die in  
This mess, all this place but I just want your  
Long arms and your warm breath  
On my chest, on my chest

Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight  
Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight

La la la la la la la la la la  
La la la la la la la la la la

I'm gone, I'm gone  
Far from you, so far from you  
We're lost, so lost  
Can't pull through, won't pull through  
(play with me tonight)  
Our dreams, all of our dreams  
They came through, it all came true  
Still, the end, it came  
Racing through, racing through

Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright

Lay with me tonight  
Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight

Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight  
Got a story down  
Don't you play around  
Make sure that we're watertight  
Baby your alright  
Lay with me tonight
