

All Again for You

We the Kings

I couldn't sleep last night
I walked alone
On the beach
Where we always used to go
When we couldn't hook up at home

I thought of you
And the time we jumped the fence
Both sides ripped down
We dove right in
And the cops chased us again

When you were mine
You know

We had it all in front of us
You were the one
I was in love
But you always hurt
the one you lost
I couldn't get enough

You were everything
That's bad for me
Make no apologies
I'm crushed...
Black and blue
But you know
I'd do it all again for you

Today, dressed up
In designer drugs
Dedicated to the one
I'll always love
The one who really messed me up

I let you take the wheel
And the driver's seat
Strapped in
So you get the best of me
Now what's left are the memories

When you were mine
You know

We had it all in front of us
You were the one
I was in love
But you always hurt
The one you lost
I couldn't get enough

You were everything
That's bad for me
Make no apologies
I'm crushed...
Black and blue

But you know
I'd do it all again for you

I am standing in the ocean rain
Rough and ready
For your deadly game
I've got nowhere else to go

We had it all in front of us
You were the one
I was in love
But you always hurt
The one you lost
I couldn't get enough

You were everything
That's bad for me
Make no apologies
I'm crushed...
Black and blue
But you know
I'd do it all again for you
(You know I'd do it all again for you)
(I swear I'd do it all again for you)
