We the Kings

I scratch my name with an XO  
On your body like a tattoo  
I'm like a tiger getting playful  
Squeezing tighter till you explode

And oh, oh  
I can't hold on on on  
But I can't let you go  
And oh, oh  
I can't hold on on on

And oh, oh  
I can't hold on on on  
But I can't let you go  
And oh, oh  
So you let go

I saw you coming with a fire  
Cooled you down and got you higher  
Yeah your girl she a fighter  
Words are weapons to a liar

And oh, oh  
I can't hold on on on  
But I can't let you go  
And oh, oh  
I can't hold on on on

And oh, oh  
I can't hold on on on  
But I can't let you go  
And oh, oh  
So you let go

So you let go (what)  
So you let go (what)  
So you let go (what)  
So you let go

Dropped you hard with a KO  
I'm cool, kinda careful  
You want it bad but you can't though  
I'm just another heart you can't hold

And oh, oh  
I can't hold on on on  
But I can't let you go  
And oh, oh  
I can't hold on on on

And oh, oh  
I can't hold on on on  
But I can't let you go  
And oh, oh  
So you let go

Can't hold on on on

So you let go (what)  
Can't hold on on on  
So you let go (what)  
Can't hold on on on  
So you let go (what)  
Can't hold on on on  
So you let go

I scratch my name with an XO
