

## A Part of It

### We Were Promised Jetpacks

My words watch over me  
How much sleep does a human need  
We'll take shifts and keep looking out  
There's not a sound  
Time keeps marching on again  
And on again, and on again

You speak words so well  
Let me lick my wounds in peace  
That's all I need  
A home that I'll never know

And I'll always bite  
Bite off the hand that's feeding me  
I muzzle myself, I'm choking to death  
And I miss my hell  
And I'll always be a part of it  
A part of it

My words watch over me  
How much havoc can one human wreak  
Cast my net far and wide  
Amongst all the debris, its always you I find  
And every time  
A home that I'll never know

And I'll always bite  
Bite off the hand that's feeding me  
I muzzle myself, I'm choking to death  
And I miss my hell  
And I'll always be a part of it

When push comes to shove  
And I can step up  
And I'm here to prove  
That I'll always be a part of it  
And I'll never kneel, and I'll never quit  
I'll always be feared  
And I'll always be a part of it  
And I'm going to stand  
I'll keep on fighting, I'll keep my place  
And I'll never swear  
On keeping a promise I can't deliver
