

# Don't Hold Your Breath for Too Long

We Were Promised Jetpacks

Spinning in your grave  
Did I not behave in the way that you wanted?  
A reoccurring dream  
It wasn't a nightmare at all when we started

(Don't hold your breath)

You're loose in my head  
Turning up, unannounced  
But I'm a different person now  
I can't turn back, with the habits I have

I'll go wherever you go  
Wherever you are  
I'm not far

I can't ever say, what you want me to say  
So please don't put words in my mouth  
You meltdown

Did you ever think I'm afraid of what I might say  
Don't hold your breath for too long  
I'm not yours  
Did you ever think I'm afraid

Don't wait on me falling apart  
Somethings been off from the start  
Don't hold your breath for too long

I'll go wherever you go  
Wherever you are  
I'm not far

I can't ever say, what you want me to say  
So please don't put words in my mouth  
You meltdown

Did you ever think I'm afraid of what I might say  
So don't hold your breath for too long  
I'm not yours

So before I go, I take it all away
