

Lucy Lee

Webb Pierce

I saddled up my pony here I am Texas bound
I'm not going to be lonely heading west that's me
I've got a gal that's waiting patiently just for me
And oh how my heart's aching to see my Lucy Lee

Over the lonely trail we'll ride together you and I
Over the dusty trail with Lucy riding by my side
We're gonna raise a family maybe two maybe three
We're not gonna be lonely Lucy Lee and me

I saddled up my pony here I am Texas bound
I'm not going to be lonely heading west that's me
I've got a gal that's waiting patiently just for me
And oh how my heart's aching to see my Lucy Lee

Over the lonely trail we'll ride together you and I
Over the dusty trail with Lucy riding by my side
We're gonna raise a family maybe two maybe three
We're gonna be so happy Lucy Lee and me
