

The Waltz You Saved for Me

Webb Pierce

Every dreams with you I'll sway dear
To the waltz you saved for me
Every dreams while I'm away dear
You'll hear this melody

Whisper goodbye and gently say dear
That in all the days to be
You will sometimes remember
The waltz you saved for me

~~~~~♪~~~~~

Whisper goodbye and gently say dear  
That in all the days to be  
You will sometimes remember  
The waltz you saved for me.
