

I Don't Wanna Leave You on the Farm

Ween

I don't want to leave you on the farm
I don't want to leave you on the farm
I don't want to go
Oh, just so ya know
I don't want to leave you on the farm

Days go by and I'm still high
But you know I'm thinkin' about you
Corn's turned brown, leaves fall to the ground
It's a sound that reminds me of you

I don't want to leave you on the farm
I don't want to leave you on the farm
I don't want to go
Oh, just so ya know
I don't want to leave you on the farm

No telephone to call you at home
I'm alone on the throne
Go get somethin', hey, thanks for nothin'
I'll keep truckin' and gettin' myself stoned

I don't want to leave you on the farm
I don't want to leave you on the farm
I don't want to go
Oh, just so ya know
I don't want to leave you on the farm

Days go by and I'm still high
But you know I'm thinkin' about you
Corn's turned brown, leaves fall to the ground
It's a sound that sticks like glue
