

## Lost Love

## Weeping Willows

Is there life before death?  
A good heart wont get you anywhere  
But you can't live without it.  
My love is a gift  
And you can't return it  
Don't you know  
That I can't live without it?  
In these times, in these times.  
Lost love will stay  
Stay with you always and ever more  
Well educated in lifes mystery  
Youll go far  
But you can not run away  
'cause fate has got a sense of irony.  
You can deny  
It all the way down  
Youll fight to find  
Why you can't live without it.  
My love is a gift  
And you can't return it  
Don't you know  
That I can't live without it?  
In these times, in these times.  
Lost love will stay  
Stay with you always and ever more  
Well educated in lifes mystery  
Youll go far  
But you will not get away  
'cause fate has got a sense of irony.
