Mornings after
Still lingers
Just waking up
I see a shadow of you
Making breakfast for two
I go driving
Past our place and
I see this girl walk by
I smell her perfume
For a moment I wish it was you
I'm not gonna tell ya
I'm not gonna say that I'm okay, no
I'm tryin' to get over
I'm tryin' to get far away from our mistakes

Chorus:

But I see shadows Everywhere that I go It's you, reminding me Of how we were Of how it was I see shadows Everywhere they follow It's you and memories Of how we loved I've had enough of your shadows Four months gone I can't feel you I don't understand it Where did you go? I hate that you're all that I know I'm not gonna tell ya I'm not gonna say that I'm okay, no I'm tryin to get over I'm tryin' to get far away from our mistakes

Chorus

You couldn't love me So why won't you leave me Shadows Alone is the only place I want to be I see shadows Everywhere that I go It's you, reminding me Of how to love I've had enough I see shadows Everywhere they follow It's you, the memories Of how we loved I've had enough Your shadows It's you, the memories Of how we loved I've had enough of your shadows Your shadows
