

# Somebody Needs You

Westlife

I'm only human  
Sometimes I make mistakes  
If you forgive me  
I'm gonna do what it takes

But now I know better  
To hurt you was wrong  
Girl it's with you I belong

Somebody needs you like never before  
Somebody wants your love  
Baby so open the door  
Don't you leave me alone  
Don't you turn out the light  
Somebody wants you  
Somebody needs you tonight

I've been thinking  
We should be talking it through  
You must believe me  
I'll make it up to you

Cause I now know better  
To hurt you was wrong  
Girl it's with you I belong

Somebody needs you like never before  
Somebody wants your love  
Baby so open the door  
Don't you leave me alone  
Don't you turn out the light  
Somebody wants you  
Somebody needs you tonight

In the dark,  
When there's no one else around  
I still pray  
That our love can be found

Somebody needs you like never before  
Somebody wants you  
Baby open the door  
Don't you leave me alone  
Don't you turn out the light  
Somebody wants you  
Somebody needs you

Somebody needs you like never before  
Somebody wants your love  
Baby open the door  
Don't you leave me alone  
Don't you turn out the light  
Somebody wants you  
Somebody needs you tonight
