

## Love Is Not Enough

Wet

Roll her over in the knee high water  
And they [?] a part of her that's never been seen before  
And mine is flowing like a scene from the autumn  
People showing just to look and laugh

Because love is not enough  
No, love is not

Call your sisters and your little cousins  
And hide the kids they're laying out on the corner  
And they come runnin' when it's all [?]  
All their wounds are gone, and you're left with memories

Love is not enough  
Don't let them tell you  
Love is not enough

And I told you once, but I will say it louder  
The love we had – it grew tall like a flower  
Then all at once it will [?] over  
And it left with yourself and the ghost of another

Love is not enough

Oh, I dreamed you last night  
You, you whispered to me  
The water is fine, but now the  
The wine is flowing  
And I wish that we could stay there  
Right there forever, but I promise you that I will always remem  
ber

Love is not enough  
Don't let them tell you  
Love is not enough  
Don't listen to them  
Love is not enough
