

# Move Me

Wet

Call me by my real name  
Call me all the time  
Call me by my real name  
Call me baby  
And can you save me?

Call me by my real name  
Say my name out loud  
Call me by my real name  
Call me crazy  
And can you save me?

Or move me?

He moves me  
I'm moving  
And can you save me?

Or move me?

He moves me (That's how I know that I'm not)  
I'm moving (You can do anything)  
He moves me (It's the way that I know)  
I'm moving (You can tell by the way it feels)

Call me by my real name  
Call me one last time  
Call me by my real name  
Call me baby  
And can you save me

Call me by my real name  
Say my name out loud  
Call me by my real name  
Call me crazy  
And can you save me?

Or move me?

He moves me (That's how I know that I'm not)  
I'm moving (You can do anything)  
He moves me (And it's the way I know I'm)  
I'm moving (You can tell by way I feel)  
He moves me (That's how I know that I'm not)  
I'm moving (You can do anything)  
He moves me (That's the way that I know)  
I'm moving (You can tell by the way)  
He moves me
