

Don't I Hold You

Wheat

Don't I hold you like you want to be held
And don't I treat you like you want
And don't I love you like you want to be loved
And you're running away

And what's your name
Like I'm in the way
Don't I hold you like you want to be held
Don't I please you like you want

And don't I love you like you want to be loved
And you're running away
And what's your name
Like I'm in the way

And wasting too much time
Don't I
Don't I hold you like you want
