

## Soft Polluted Blacks

Wheat

soft polluted blacks  
starting to return  
starting to relax  
sun'll rise and burn  
used to be hard enough  
when she broke down  
when things got bad

used to be good enough  
when she got sad  
all the lights and smoke  
all the mice and men  
all her boyfriend's coke started kicking in  
used to be hard enough  
when she broke down  
when things got bad  
used to be good enough  
when she got sad
