

## Create Or Die

Whiskey Rebels

my life don't mean a fucking thing  
i loose feeling  
i believe none of what i hear  
and half of what i see  
someday ill find out what life means  
or die trying  
some days it makes me want to scream  
satisfying

CHORUS

wont live my life a fucking lie  
create or die  
spit venom in my fucking eye  
create or die  
these are words that i live by  
create or die

they say love will conquer all  
but life takes its toll  
revenge a dish best served cold  
or maybe not all  
caught up in the moment from the start  
but ill survive  
I'm sick of hiding in the dark  
so shine the light

(CHORUS)

it's a worldwide lie  
create or die
