

I Start to Run

White Denim

Daytime I walk the street
Daytime I'm walkin' streets
I'm walkin' streets, players

Somebody listening
I feel like someone's listening
To the song in my head

I start to run
I start to run
I start to run
I start to run

Nighttime I hit the sheets
Nighttime I hit the sheets
I hit the sheets, players

Somebody's listening
I feel like someone's listening
To the song in my head

I start to run
I start to run
I start to run
I start to run

(I start to run)
Daytime I walk the street
Daytime I'm walkin' streets
(I start to run)
I'm walkin' streets, players

(I start to run)
Somebody listening
I feel like someone's listening
(I start to run)
To the song in my head

I start to run
I start to run
I start to run
I start to run
