

I'm the kind of guy
Who waits
On the weather to change
And if it feels like rain
I just wait, I just wait

I got an engine, but I got no gas
I feel like an outlaw without a past
I was the culprit in a popular movie
To hang out on what's left from the 60's
Let's pick it up where we left
Will you miss me--
I don't want to be so careful
I only want to hold your hand
I just want to give you a trip to remember
But you know I can't
But you know I can't

If you could find a reason why
Would you stay?
Through the summer
Or for the rest of your days?
And if it feels like rain
Would you wait
Would you wait

I got an engine, but I got no gas
Feel like an outlaw without a past
I was the culprit in a popular movie
To hang out on what's left from the 60's
Let's pick it up where we left off
Will you miss me
I don't want to be so careful
I only want to hold your hand
I just want to give you a trip to the ocean
But you know I can't, but you know I can't

I got an engine, but I got no gas
I feel like an outlaw without a past
I was the culprit in a popular movie
To hang out on what's left from the 60's
Let's pick it up where we left off
Will you miss me
I don't want to be so careful
I only want to hold your hand
I just want to give you a trip to remember

But you know I can't
But you know I can't
