

# Paradise

White Lung

And I want to run with you  
We'll go so very far they'll never hear our copulating

Oh, it's impressive  
No

Bow out with me  
Ride south with me  
Now  
Bow out with me  
Ride south with me  
Now

I'm all about you  
You're all about me too

And I pray that you stay up  
When I start all my obvious insinuating

Oh, is that impressive?  
No

Bow out with me  
Ride south with me  
Now  
Bow out with me  
Ride south with me  
Now

I'm all about you  
You're all about me too

This is all I want  
So desolate  
So desolate
