

Bottled Mind

White Skull

What
What Is This I See
A Mirror of Me
Heading Out the Gate, Each Day
A Smile, to Me

Can't You Hear Me Struggling - Fighting Within

The Smile I Wear Is Fading
With All the Thoughts I'm Weighing
No One Can Help Me Now
They Try But They Will Fail
They Look at Me with Sorrow
They Lead but I Won't Follow
They Look but They Won't Find
Till They Open Up Their Bottled Minds

One, One Man Falls
You're Still Standing
Blinding Light Right in Your Head
No One's Believing

Can't You Hear Me Struggling - Fighting Within

The Smile I Wear Is Fading
With All the Thoughts I'm Weighing
No One Can Help Me Now
They Try But They Will Fail
They Look at Me with Sorrow
They Lead but I Won't Follow
They Look but They Won't Find
Till They Open Up Their Bottled Minds
