

## Revenge is Sweet

White Skull

Will I go, will I stay,  
I will never find my way  
I've been sad and into a rage  
and I've cried I've been sad  
I won't miss all this pain,  
I won't complain what i've laid  
so many things  
to be said and I'm tired  
here's my revenge, I've been sad  
Diggin'it up the dirt inside to me  
diggin'it up my rage for them  
diggin'it up the hatred inside me  
diggin'it up here's my revenge  
I don't know what people say  
'cause they don't care of all our lifes  
I felt jumping into thin air  
when I realised they exploited me  
Imprisoned in a shark cage dive  
don't know if I could survive  
if I've leprosy I won't feel like  
having been torn to schreds  
I won't get mad here's my revenge  
I won't get mad you won't get mad  
they won't be there  
they won't be fine they won't be fine  
you won't be there they won't be there  
they won't be fine

[chorus]

Call it nasty !

Revenge is sweet go ahead  
I don't know if it's really best  
to forget what she's done to me  
I felt jumping into thin air  
when I saw she exploited me  
Give your parents a goodbye kick  
we've never been a family  
I'm still planning my revenge  
and regain myself respect !  
I won't get mad ...

[chorus]

Call it nasty !
