

I Believe

Whitecross

Yeah

Roll me up, lay me down
Spin your wheels round and round
Spread my name all over this town
I'll still be standing on solid ground

'Cause I believe, (I believe, yes I do), yeah, yeah, yeah
I believe, (yes I do)
In the power of the gospel, oh, don't you know that I believe
(I believe, yes I do)

Pharisees talking behind my back
Pointing their finger and giving me flack
Oh, how they'd love to shoot me down
They think that I'm lost, but I know I've been found

I believe, (I believe, yes I do), yeah
I believe, (yes I do)
In the power of the gospel, oh, don't you know that I believe
(I believe, yes I do)

They can say what they want
They can do what they will
My mind is made up now, I will follow Him still
I don't care if it's uncool
I'll do what is right, 'cause I ain't no fool

I believe, (I believe, yes I do), yeah, yeah, yeah
I believe, (yes I do)
In the power of the gospel, oh, don't you know that I believe
(I believe), sing it again, (yes I do)
Say I believe, (I believe, yes I do), yeah, yeah
I believe, (yes I do)
In the power of the gospel, oh, don't you know that I believe
(I believe, yes I do)

In the power of the gospel, oh, don't you know that I believe
Yeah
