

# Take It To The Limit

Whitecross

You always say you wanna follow me  
But when I call you're never around  
Talk is cheap. It's time for action.  
This time I'm gonna pin you down.

I wanna see your faith on the line.  
You've got to take it to the limit  
'Cause my love is all you need.  
Take it to the limit  
And by my side you'll always be.

I could provide everything you lack.  
But you keep tryin' to carry the world on your back.

I wanna see your faith on the line.  
You've got to take it to the limit  
'Cause my love is all you need.  
Take it to the limit  
And by my side you'll always be.

You talk in circles but You can't see.  
You'll find your freedom  
When you start trustin' in Me.

I wanna see your faith on the line.  
You've got to take it to the limit  
'Cause my love is all you need.  
Take it to the limit  
And by my side you'll always be.
