

All for Love

Whitesnake

I don't mind if you wanna
Talk about the weather
I don't mind
If you don't wanna talk at all
If you don't mind
A little friendly persuasion
& you don't mind me
Trying to find your secret door
C'mon Baby
Let me stand close to your fire
Ooh girl I know
You've heard it all before
You're my one & only
Sweet infatuation
Hear me crying out
& begging you for more

I'm gonna tear this place apart
Just to get close to you
Tear down any wall
If that's what I have to do
To get next to you

I do it all for love
I do it all for love
I do it all for love
I'm gonna crawl for love

In the distance
I see thunderbolts & lightning
Ooh Girl I know
You're coming back to town
You're my one & only
Fatal attraction
Ooh Babe I know
You're gonna take me down

I'm gonna tear this place apart
Just to get close to you
Tear down any wall
If that's what I have to do
To get next to you

I do it all for love
I do it all for love
I do it all for love
I'm gonna crawl for love
I do it all for love
I do it all for love
I do it all for love
I'm gonna crawl for love
