

All I Want Is You

Whitesnake

You give me love
& I can say
More than life itself
You take my breath away
& I can hardly even speak
When I think about the way
Things used to be

I've been this way before
Walking in the rain
Trying to find my way
I'm calling out your name

All I want is you
No one else would ever do
All I want is you
Help me make it
Thro' another day

All I want is you

Take me with you
When you leave
I can't stand it here alone
How my heart would surely bleed
At just the thought of trying to live
Without your love

I've been this way before
Walking in the rain
Trying to find my way
I'm calling out your name

All I want is you
No one else would ever do
All I want is you
Help me make it
Thro' another day

You've got me begging
I'm down on my knees
Believe me, Baby
I just can't help myself
Sweet love have mercy
A little sympathy
Believe me, Baby
I can't stop thinking about you

I've been this way before
Walking in the rain
Trying to find my way
I'm calling out your name

All I want is you
No one else would ever do
All I want is you
No one else would ever do

All I want is you
Help me make it
Thro' another day

All I want is you

You
