

# All Out Of Luck

Whitesnake

Here I sit a broken hearted man  
Lady luck dealt me a losing hand  
So what's a man like me to do  
I'm still a fool in love with you

I gave you all the love I had to give  
And you took away my reason left to live  
I feel I'm running out of time  
And I just want to make you mine, make you mine

Take me home tonight  
Make me feel all right

All out of luck  
Clean out of time  
All out of luck  
Drive me out of my mind, baby

I gambled with my heart and paid the price  
I threw it all away on a roll of the dice  
I tried to play the king of hearts  
Now I'm the joker, torn apart, ooh, baby

Take me home tonight  
Make me feel all right

All out of luck  
Clean out of time  
All out of luck  
Drive me out of my mind

So here I sit a broken hearted man  
Lady luck dealt me a losing hand  
So what's a man like me to do  
I'm still a fool in love with you, in love with you

Take me home tonight  
Make me feel all right

All out of luck  
Clean out of time  
All out of luck  
Drive me out of my mind

All out of luck  
Clean out of time  
All out of luck  
Drive me out of my mind

All out of luck  
Clean out of time  
All out of luck  
Clean out of time  
All out of luck  
Clean out of time
