

# Can You Hear the Wind Blow

Whitesnake

Over the mountains, across the sea  
I know love is waitin', for you and me

You don't have to worry, it's never too late  
While the whole night lay there, now don't you hesitate  
All I want is just to spend my live with you

[Chorus:]

Can you hear the wind blow  
For me and you  
Signifyin' changes  
We're going through  
Can you hear the wind blow

Ride the rainbow, and you will see  
There's a garden of eden, for you and me

You don't have to worry, just steal the fire inside  
Pretty baby I want you, I'll keep you satisfied  
All I want is just to spend my live with you

[Chorus]

All I want is just to spend my live with you  
Take it easy on the dirts and wheel get sure  
Can you hear the wind blow

Over the mountains, across the sea  
I know love is waitin', for you and me

You don't have to worry, it's never too late  
While the whole night lay there, now don't you hesitate  
All I want is just to spend my live with you

[Chorus]
