

Girl

Whitesnake

I have never known a woman
Who loves me like you do,
You treat me like a dog
An' make me shake my tail for you
I know the game you're playing
When you're turning all your tricks
It's written on your face
You just want your business fixed

No, I don't need a crystal ball
To see what's in your mind
If I don't give you what you want
You treat me so unkind,
But if I'm good and give you love
You throw me down a bone,
But if I'm bad you make me sad
An' leave my love alone

Pretty little crazy white girl,
Just a pretty little crazy white girl,
Pretty little crazy white girl
Girl, girl
Pretty little crazy white girl

I know, baby, you ain't fooling
With all your high class schooling,
You want everything your own way
If I could, I would
Do every little thing a good man should,
Baby, I'd really give it to you
Every day

Pretty little crazy white girl,
Just a pretty little crazy white girl,
Pretty little crazy white girl
Girl...

Mean mistreater,
There ain't no one to beat you,
But you treat me so bad
I've never known a woman
Who loves me like you do,
You treat me like a dog
An' still I shake my tail for you

Pretty little crazy white girl,
Just a pretty little crazy white girl,
Pretty little crazy white girl
Girl, girl...

Pretty little crazy white girl,
Girl, she treat me so bad
Pretty little crazy white girl,
Girl, come on baby
Pretty little crazy white girl,
I love the way you make me
Girl...

Pretty little crazy white girl,
Girl...
Pretty little crazy white girl
