

All She Wants

Whitney Duncan

She's been clocking in at 6
Working for tips
At that little cafe
On the corner
Yeah she swears she's gonna quit
Soon as she gets enough money
To move her somewhere warmer
She's been wound up tight
For too damn long
Now tonight's her night
To tie one on

All she wants to do
Yeah
All she wants to do
Is do a little dance
With her hair down
No trouble on her mind
No care now
Wants to be the one
Hanging
Having fun
Ain't looking for a new somebody
Just here to be a part of the party
Got her going out boots
Gonna have her a few
Let go and cut loose
That's all she wants to do

(That's all she wants to do)

She's been cooped up in that house
Ain't hit the town since he tore her heart in pieces
But she's all cried out
Over it now
Got her girls all together for a season

All she wants to do
Yeah
All she wants to do
Is do a little dance with her hair down
No trouble on her mind
No care now
Wants to be the one
Hanging
Having fun
Ain't looking for a new somebody
Just here to be a part of the party
Got her going out boots
Gonna have her a few
Let go and cut loose
That's all she wants to do

She's been wound up tight
For too damn long
Now tonight's her night
To tie one on

All she wants to do
Yeah
All she wants to do
Is do a little dance with her hair down
No trouble on her mind
No care now
Wants to be the one
Hanging
Having fun
Ain't looking for a new somebody
Just here to be a part of the party
Got her going out boots
Gonna have her a few
Let go and cut loose
That's all she wants to do

That's all she wants to do
That's all she wants to do
That's all she wants to do
That's all she wants to do
That's all she wants
