

# Damn I Do

Whitney Duncan

Another Friday night  
Same old drinks from somewhere new  
But you wouldn't lie  
Somewhere you never walk into

So I start throwing 'em back  
Saying don't [?] looking back  
Don't wanna be worrying 'bout where you're at

'Cause I don't wanna walk, I want you to come over  
I don't wanna walk, or wake up on your shoulder  
Don't wanna want you to want me to  
Find a way to just walk away from you  
[?] call  
Wanna kiss you up and down the hall  
Shouldn't even want you at all  
But damn I do  
Damn I do

Thought I'd be okay  
Thought if I saw you I could turn you down  
Till I saw your face  
Looking at me the way you're looking right now

So we start throwing 'em back, and you start taking me back  
Why you gotta make me feel like that? Oh, whoa

I don't wanna walk, I want you to come over  
I don't wanna walk, or wake up on your shoulder  
Don't wanna want you to want me to  
Find a way to just walk away from you  
[?] call  
Wanna kiss you up and down the hall  
Shouldn't even want you at all  
But damn I do  
Damn I do, yeah

I don't wanna walk, I want you to come over  
I don't wanna walk, or wake up on your shoulder

I don't wanna walk, I want you to come over  
I don't wanna walk, or wake up on your shoulder  
Don't wanna want you to want me to  
Find a way to just walk away from you  
[?] call  
Wanna kiss you up and down the hall  
Shouldn't even want you at all  
But damn I do  
But damn I do, oh-oh-oh

But damn I do
