Kingpin

I wanna be your kingpin, living in Pekin. I wanna be your bigwig, living in Pekin. I caught the flu and away I flew. N.Y.C., pediate blue. Dimeatap, and spinal tap, a-city maps, and hand claps. Statue of liberty play, it only works once, don't throw it away . Cause I wanna be your kingpin, living in Pekin Living in Pekin, livin in.... How can I, how can I give my love to you when I don't know what to do.
