

Shot In The Arm

Wilco

D

Your pillow wept
You covered your eyes

G

And you finally slept

Gm

While the sun caught fire

D

You've changed

D

We fell in love
In the key of **C**

G

We walked along

Gm

Down by the sea

D

You followed me down
The neck to **D**

G

We fell again

Gm

Into the sea

D

You've changed

G

D

Oh, you've changed

D

Maybe all I need is a shot in the arm

D

Maybe all I need is a shot in the arm

D

Maybe all I need is a shot in the arm

G

Maybe all I need is a shot in the arm

G

Maybe all I need is a shot in the arm

G

Maybe all I need is a shot in the arm

D

Something in my veins, bloodier than blood

D

Something in my veins, bloodier than blood

D

Something in my veins, bloodier than blood

D

Something in my veins, bloodier than blood

D

The ashtray says
You were up all night

G

When you went to bed

Gm

With your darkest mind

D

You've changed

G

D

Oh, you've changed

D

What you once were isn't what you want to be anymore
