

I'm walking  
All by myself  
I was talking to myself about you  
What am I going to do

I was singing  
This song about you  
I was thinking about singing  
This song for you

The more I think about it  
The more I know it's true  
The more I think about it  
The more I'm sure it's you  
Honey I think you're just right  
You're just right

I was walking  
Like I said by myself  
I was talking  
To myself about you  
Like I always do

The more I think about it  
The more I know it's true  
The more I think about it  
The more I'm sure it's you  
Honey, I think you're just right  
You're just right
