

# You and I

Wilco

You and I, we might be strangers  
However close we get sometimes  
It's like we never met

But you and I, I think we can take it  
All the good with the bad  
Make something that no one else has but

You and I, you and I

Me and you, what can we do  
When the words we use sometimes  
Are misconstrued

Well, I won't guess what's coming next  
I can't ever tell you  
The deepest well I've ever fallen into

Oh, I don't wanna know  
Oh, I don't wanna know  
Oh, I don't need to know  
Everything about you

Oh, I don't wanna know  
And you don't need to know  
That much about me

You and I, we might be strangers  
However close we get sometimes  
It's like we never met

But you and I, I think we can take it  
All the good with the bad  
Make something that no one else has but

You and I, you and I  
You and I, you and I  
You and I, you and I  
You and I, you and I
