

O Lilac

Wild Nothing

Lilac, I miss you were my little lilac
O lilac

I trust you can't remember most
So rest your head now
Your head now

Lilac i feel your last you last lies
Come straight from her eyes
To my eyes

Tonight, should you rise above,
I regret love
I regret love

And you have ghost hands on,
That can't hold you up
And you have ghost hands on,
I can't hold you up

I gotta let you live
I gotta let you...
I gotta let you live
I gotta let you...

Lilac, I miss you were my little my lilac
My lilac
I trust you can't remember most
So rest your head now
Your head now

And you have ghost hands
On that can't hold you up
And you have ghosts hands
On I can't hold you up
I can't hold you up...
