

## Wait

## Wild Nothing

Sit and wait for you now  
And how many times  
Have you waited?  
And you are confused  
With your day back  
Well I'm sorry  
For what I've done to you  
But you look so good  
I can hardly take it  
One dream done and  
I'm still in love with you  
Tell me something  
Well it's what you say  
When you're lonely  
And if you say "Take me"  
Well I'll take you any moment  
I will take you there  
Cause you look so good  
I can hardly take it  
Three more drinks and  
I'm still in love with you  
You look so good  
I can hardly take it  
Five more drinks and  
I'm still in love with you
